

**FY2011 SSTS Inventory and Program Enhancement Grants**

	MPCA	BWSR
Returned FY10 Funds (Benton)	\$12,000	
FY10 Funds Carry Forward	\$28,315	
FY11 Available Funds	\$382,340	\$1,067,826
<b>Total Funds Available</b>	<b>\$422,655</b>	<b>\$1,067,826</b>

Project ID	LGU	MPCA SSTS Inventory Grant*	BWSR SSTS Program Enhancement Grant*	Match	Project Description	Budget Description
C11-14	Faribault County	\$0	\$67,895	\$17,500	An accurate digital parcel database of residential land ownership would provide Faribault County a base to track SSTS permitting, compliance status and maintenance activities, and move permitting and compliance records from a paper file system to the web for 24/7 homeowner and public access.	BWSR (Database): 64,500 project, \$3,395 admin
C11-29	Cass County	\$16,579	\$13,053	\$15,200	Lake inventories for septic compliance will be conducted on 236 parcels on Sylvan Lake and 284 parcels in the Lake Margaret Watershed in southwest Cass County in partnership with the municipalities of East Gull Lake and Lakeshore and townships of Fairview and Meadowbrook.	MPCA: \$15,750 invt, \$829 admin (Lake Margaret). BWSR: \$12,400 invt., \$653 admin (Lake Sylvan).
C11-125	Rice County	\$0	\$80,000	\$20,000	This project will enhance the Rice County SSTS program by providing additional maintenance activities, follow-up of over 350 IPHT systems identified through inventory activities, property transfers, CUPs, and variances. In addition, funds are being requested to offer a voluntary upgrade incentive program to aid in increased enforcement.	BWSR (Enf./Maint.): \$76,000, admin \$4,000
C11-135	Le Sueur County	\$350,396	\$30,612	\$409,000	This project will complete a septic system inventory of shoreland parcels on the Jefferson-German chain of lakes. A past survey showed that over 500 residents on the chain approved of having a septic inspection. There is a sewer district and a detailed septic inventory is needed.	MPCA: \$343,600 invt, \$7,012 admin. BWSR: \$30,000 database, \$612 admin.
C11-136	Beltrami County	\$0	\$41,500	\$35,000	Beltrami County will utilize Clean Water Funding to expand and enhance its SSTS program through landowner education, professional workshops, creating an electronic database, staff training, and assisting other LGU's.	BWSR (Enf./Maint./Data): \$41,500, admin \$0
C11-154	Todd County	\$0	\$107,263	\$56,000	Through a collaborative effort between the Todd County Board of Commissioners, county administration, Sauk River Watershed District, and lake associations, a systematic septic inventory program has begun. Four lakes with 1200 parcels total have been researched and groundtruthed for imminent health threats and will have compliance inspections completed by 2011.	BWSR: \$92,900 invt., \$9,000 database, \$5,663 admin.
	Anoka County	\$0	\$30,250	\$7,961	Anoka County is submitting this application on behalf of and in partnership with the City of Columbus. The City of Columbus is applying for this grant to replace an outdated septic system pumping and monitoring computer software. The current software no longer has software support from its vendor for software changes or updates nor does it have the capability to be supported by future versions of a windows based operating system. This project will enable the city to continue the Columbus Septic System Pumping and Monitoring Program well into the future.	BWSR: \$29,500 software, \$750 admin.
<b>Totals</b>		<b>\$366,975</b>	<b>\$370,573</b>	<b>\$560,661</b>	<b>*Includes 5% admin maximum</b>
